## EDUCATION:

New Jersey Institute of Technology, - Bachelor of Science in Computer Science,

Expected Graduation: May 2026

## EXPERIENCE:

Software Engineering Intern | Estée Lauder Companies | June 2025 – Aug 2025

- Developed an admin web app to configure AI use cases for an internal AI chatbot agent, improving configuration efficiency and response accuracy.
- Implemented dynamic use case management, which enabled real time chatbot adaptability.
- Integrated database updates and real-time queries, reducing latency data latency.
- Tech Stack: Java, Spring Boot, JPA, Maven, Oracle, React, TypeScript, React Query

Freelance Web Developer | Hair Stylist Client | Sep 2025 - Oct 2025

- Developed a responsive website to showcase services, pricing and enabling online booking.
- Implemented interactive features of a gallery and contact form to enhance user engagement.
- Tech Stack: HTML/CSS, JavaScript

## PROJECTS:

RecordCrate | Student Startup | Music Review Platform | Developer | Sep 2025 - present

- Assisted in building a web platform for users to review and rate songs and albums, similarly to Letterboxd.
- Implemented searching capabilities through the Spotify API, allowing users to select and search songs/artists/albums so they can provide reviews.
- Utilized Gemini Api to offer users daily recommendations based on their reviews and spotify data.
- Tech Stack: React, TypeScript, Node.js, MongoDB, Spotify API, Gemini API

AI Resume Generator | Project Manager | Fullstack Developer | May 2025 - July 2025

- Led a team using Agile methodologies with Jira for sprint planning, daily standups, and user story management.
- Built a full stack web application for uploading, editing, and saving resumes in multiple formats.
- Applied user authentication and persistent Firebase database storage.
- Used an AI model to parse biographies and job descriptions, enabling auto-filled resume fields and personalized suggestions tailored to specific job requirements.
- **Tech Stack:** React, TypeScript, Tailwind, Gemini API, Firebase, LaTeX

## SKILLS:

**Languages:** Java, C/C++, JavaScript, TypeScript, Python, PHP, SQL, HTML/CSS

**Frameworks & Libraries:** Spring, Vite, Next.js, Bootstrap, React, Axios, React Query, Express, jQuery

**Databases & Tools:** MongoDB, Oracle, MySQL, Firebase, Maven, Docker, Git
